

## eMedAssist - CLIENT ACTION DASHBOARD

### Search by PATIENT information

### Search by DATE of SERVICE

Or Choose a Date Range

### Contact Client Services

[Click to read 5 new messages](#)

### Search by PATIENT information

First Name	Last Name
Date of Birth	<b>SUBMIT</b>

This form will allow the referral source user to search referral by either First Name, Last Name, or Date of Birth or any combination of these fields.

### Search by DATE of SERVICE

**SCHEDULED  
TODAY**

**SCHEDULED  
TOMORROW**

#### Or Choose a Date Range

From Date	To Date	<b>SUBMIT</b>
-----------	---------	---------------

Clicking on either Scheduled Today or Scheduled Tomorrow buttons will generate a new HTML page report of referrals with the appropriate date filter applied!

User can also search referrals by date range using the From Date and To Date fields. Give datepickers onclick of either field. Based on date range, take user to new HTML referrals page.

Subject
Message
Attach File (optional)
<b>SEND</b>

[Click to read 5 new messages](#)

User can send a TalkSite message using this form

- 1) From value is the session user login
- 2) To value is user id 208
- 3) User can optionally attach a file

- 1) The Click to read X new messages is a hyperlink to a new HTML page (html\_conversations.php)
- 2) Display the actual count of new messages instead of "5"
